

Protect your creations and inventions, create value, and stimulate the creativity of your teams

\* Patent Attorney

\*\* Patent Office Interface (INPI, OEB etc.)

## Overview

“Webistem Patent” provides instant access to the status of an application, including each title or item therein, including progress in the procedures launched, lists of events past and future with ratings as to the importance of each event, actions required to correctly move forward to the next step.

“Webistem Patent” furnishes to the attorney and to the client an estimate of the costs and duration of processes undertaken and thus aids in decision-making and management of a group of titles or items.
